

## KOVATCH CASTINGS DELIVERS VALUE

If the value of competitively priced, quality castings along with outstanding casting design support, on time deliveries and exceptional customer service are what you are looking for from your investment casting source, then you cannot afford anything less than castings offered by Kovatch.

ISO9001/AS9100

**Value** is our over 30+ year commitment to constant improvement. We employ the newest technologies, methods and materials, producing high quality ferrous and non-ferrous investment castings.

**Value** is our unique casting techniques that enable us to cast thin walled castings in 150 different alloys in weights ranging from ounces to over 20 pounds.

**Value** is an engineering and R&D staff of foundry veterans' known for their casting expertise. We collaborate with customers daily on their casting designs, increasing casting cost-efficiency and customer satisfaction.

**Value** is casting quality into every part we ship by controlling every step of the process. Our customers enjoy an industry setting standard for low customer returns.

**Value** is fulfilling our goal to provide competitive castings, superior quality, outstanding casting design support, on time deliveries, and exceptional customer service!
